Advisory Committees to the Board

The Board encourages the participation of citizens in two types of advisory committees; however, legal responsibility for decision making in all matters of policy and operation rests with the Board:

1. Board-appointed advisory committees, both Districtwide and at the school level, will function within an organizational framework approved by the Board. A staff member or members will be assigned to each group to help it develop appropriate operational guidelines and/or bylaws, carry out its functions and coordinate its work with other advisory and staff groups. Only the Board will have the authority to dissolve advisory committees it has created;
2. School- and District-level advisory committees that are required under federal and state programs will be formed and will function in accordance with requirements pertaining to each specific program; the Board will grant to those bodies the advisory responsibilities relevant to the program or project.
