## **Policy Review and Evaluation/Manual Accuracy Check**

In an effort to keep its written policies current so that they may be used consistently as a basis for Board action and administrative decision, the Board will review its policies on a continuing basis.

The Board will evaluate the execution and results of its policies. It will rely on the school staff, students and community for providing evidence of the effects of policies which it has adopted.

The superintendent is given the continuing commission of calling to the attention of the Board all policies that appear to need revision.
